

**All proceeds raised support  
Centre 48, a non-profit  
Arts & Education Centre  
serving rural communities**

Centre 48 was started 14 years ago by local residents who wanted to see arts, culture, fitness and music classes provided to rural children and adults. Since 2002, Centre 48 has:

- Educated over 3,000 students from 20 rural communities
- Held classes in 12 regional communities
- Generated over \$300,000 into the regional economy
- Employed a part-time coordinator, a playschool teacher and over 180 different class instructors

**Centre 48 operates on a cost-recovery basis, meaning no reliance on government funding. Therefore, fundraisers like the Perogy Run are vital to the survival of Centre 48.**

**Thank you for your generous support!**
